Gear Up for Bike Aboard! 2016

The Cuyahoga Valley Scenic Railroad kicks off the 2016 Bike Aboard! season on April 2. Cyclists can ride their bikes through the Ohio and Erie Canal Towpath Trail and take the train back for just \$3 per person (Ages 3 and older). The ticket applies to a one-way trip, once per day.

The program will be available during the regular train schedule on Saturdays and Sundays in April and Fridays, Saturdays and Sundays beginning in May.

Passengers pay fare when they board. We encourage passengers to arrive 10 minutes before the departure time.

The train can be flagged down at any of the boarding stations.

CVSR has added a new stop this year at the Big Bend station, located in Sand Run Metro Park at 1337 Merriman Road, Akron, OH. Please visit cvsr.com for directions to all of the stations.

As a special promotion, Bike Aboard! Annual Passes will be sold for \$30 before April 2. The pass allows unlimited use of Bike Aboard! for one individual from April through October, the entire season. On April 2, Bike Aboard! passes will be sold for \$35.

(Announce t-shirt giveaway on April 2?)

For more details about Bike Aboard!, please visit <http://www.cvsr.com/bike-aboard>.
